Wantizorox, April 6.

It is confidently expected that the Jury will be completed to-day. Talesmen are summound from the rural portions of the Diariet. The proceedings of yesteriay plainly indicate the public sentiment of this city. 71 out of 74 persons laid opinions fixed so decidedly that they could not trust themselves to act impartially. When these opinions were not as to killing, but as to justification. The defense would not of course, challange any of these Jurors. The prisoner's Pather and Father-in-law and many New York friends were in Court, and much sympathy appeared among them. The court was crowded and deep interest was manifested in the proceedings.
